

Open Motive software, file->open...->under C:\motive\SE423, find all\_10\_robot.motive.

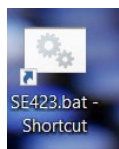

The backup of this file is under N:\scratch\yixiaol2\summer2023\motive.

Check the streaming settings. Should match the settings in the below figure.

To start broadcasting data to robots, run SE423.bat on the desktop.

If need to modify the script, modify C:\dan\motive\PythonClient\motive2\_stream\_robots.py
